### PREFACE

This report is one in a series on Soviet Ground Force and logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1D

25X1D

25X1D

25X1A

An ammunition storage area is located two kilometers (km) south of Rechitsa (52-21N 030-24E), south of the Rechitsa-Babichi rail line and east of the all-weather Rechitsa-Berezovka Pervaya highway (Figure 1). The installation is not rail served, but is served by the Rechitsa-Pervaya highway.

The installation, comprised of a double-fenced ammunition storage area and an adjacent support area, covers 225 acres and contains 11 revetted ammunition storage buildings, two probable barracks, and three support buildings

(Figures 2 and 3).

The area is covered by seven KEYHOLE missions between [REDACTED]. Comparative analysis revealed that the buildings observed under construction in [REDACTED] were completed by [REDACTED].

This area is listed in the Bombing Encyclopedia as the "Rechitsa Army Training Area and Depot South" BE No: [REDACTED] however, there is no evidence of a training area associated with the ammunition storage area.

DESCRIPTION OF INSTALLATION

**Railroad Service**

The Rechitsa-Babichi rail line is 2 km north of the installation.

**Road Service**

The Rechitsa-Berezovka Pervaya highway serves the installation.

**Administrative and Troop Housing Area**

Area D (Figure 3) contains two probable

barracks and two support buildings, and is a support area for the ammunition storage area.

25X1D

**Ammunition Storage Area**

Area F contains 11 revetted ammunition storage buildings approximately [REDACTED] and one support building. This area is enclosed by a double fence and a perimeter fire-break. Construction observed in [REDACTED] was completed as of [REDACTED] coverage.
